

Are you a technical talent, and want to strengthen our production team?
Then we are looking for you!

Part time Technical Production Employee

Job description

We are looking for a part-time colleague for a wide range of technical production activities. The work consists of assembling cases and other technical production work. Simple electrical work, including the mounting of displays and the programming of printed circuit boards, will also be required. The working location is in our factory in Leiderdorp.

Responsibilities

- Independently working on production activities such as mounting of various frames.
- Carrying out the assembly of products based on technical descriptions.
- Executing work on electronic devices such as mounting displays and programming printed circuit boards under supervision.

Requirements

- Experience working in a production environment.
- Interested in working with electronics.
- Being able to work independently.
- Good communication skills in Dutch and English.
- Working hours - 20 to 24 hours a week.
- Living near Leiderdorp
- EU residence

We offer

- A job in a flexible environment
- An informal, collegial working atmosphere
- Training and personal development opportunities
- A multicultural team of enthusiastic colleagues
- A competitive salary
- A good secondary employment package

Who are we?

Founded in 1965 in Leiderdorp, The Netherlands, Praxis Automation Technology is a manufacturer and supplier of automation, navigation and green propulsion systems for sea going vessels.
